EXPERIENCE

Matrab Community

March 2020 - Present

Treasurer At Central Committee

Responsible for finances of events, hosted meetings, and annual financial reports.

SXC Physics Club

Mar 2020 - May 2021

Executive Member

Responsible for managing events.

General member at Computer Science Initiatives in Nepal (CSIN).

- Encouraged and guided students from all over Nepal to participate in the webinars
- Helps to make websites and different projects

Teaching at PiE (Partnership in Education).

- A social work initiation for underprivileged students where I assisted students with academic progress and understanding, and also engaged their interest in creativity, thinking and helped in holistic development

Volunteering

♦ Volunteered in SET Cycle rally ride against cancer. A fundraiser event where I was responsible for supervising other volunteers to make sure participants were cycling on the proposed route.

Activities

Automated Traffic system for Kathmandu

Problem Solver

- ♦ In the 25th SET Exhibition, our team designed a model for a sustainable traffic system for Kathmandu's major areas; we designed roundabouts, and advanced traffic lights considering people's behavior and movement patterns.
